**Re:** Robert McLeod Member #3869 **Expiry Date:** December 31, 2020

---

This letter is to confirm that the CPCA member named above is currently a Registered Professional Counsellor (RPC) and a Master Practitioner in Clinical Counselling (MPCC) with the Canadian Professional Counsellors Association (CPCA) and has no recorded complaint against them. Their current annual membership is valid until December 31, 2020.

Our members meet rigorous standards for education and training and clinical experience before they can be granted the designation of **Registered Professional Counsellor (RPC)**. This designation is foundational and the second designation **Master Practitioner in Clinical Counselling (MPCC)** is earned through expanded theoretical education and extensive clinical experience.

**MPCC members have completed a *minimum* of 1250 hours of direct client contact, 250 hours of clinical supervision, and have been in active practice for at least five (5) of the last eight (8) years.**

To maintain good standing as an MPCC, members are required to provide details of their completed Continuing Education (minimum 12 hours) and Clinical Supervision (minimum 6 hours). They are also required to confirm their ongoing commitment to adhere to the high standards of the CPCA Code of Ethics and submit proof of liability insurance.

The CPCA is a National non-profit Association registered in accordance with the Canada Corporations Act and governed by a National Board of Directors. We have been dedicated to the promotion of public confidence and trust in the counselling profession throughout Canada since 1990.

Regards,

Office of the Registrar
